Castrocaro

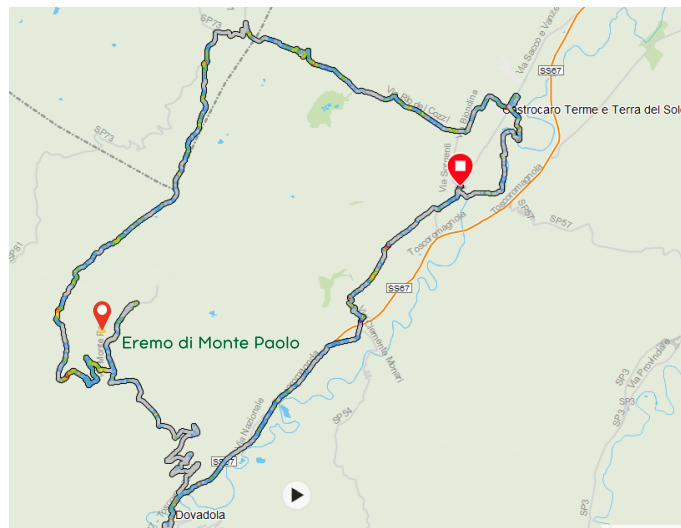

Monte Paolo

A ring-route of medium difficulty that winds among the hills of the splendid Romagna Apennines. From the spa town to one of the most important sanctuaries of the region, the Hermitage of Monte Paolo, to the picturesque village of Dovadola

This circular route starts and finishes in Castrocaro Terme. From Castrocaro follow the cycle path of the Parco Fluviale until you reach Terra del Sole. Continue along Via Biondina and Via Rio Cozzi and after a slight climb turn left towards Via Croce.

At the end of the descent continue on the left, towards Via Monte Paolo. After 5 km there is a climb that leads directly to the Monastery. From here, take the road to Dovadola, then continue along the old state road until you reach Castrocaro.

We suggest a stop at the Hermitage of Monte Paolo, the most important Antonian sanctuary in Emilia-Romagna.

The route does not present particular difficulties if not the climb to the Hermitage
