Monte Paolo –
For Experts

Loop trail for experts, starting from
Castrocaro towards the Hermitage
of Monte Paolo, the most important
Antonian Sanctuary in Emilia-
Romagna, overlooking the entire
valley.

Starting from the center of Castrocara we head towards via Bagnolo until the base of a short but quite challenging climb that leads to Monte Paolo. At the Hermitage we continue to the right in a long descent and from the bottom of the valley we reach another detour to the right, via Croce. At the top of this slope our route continues in the direction of Terra del Sole where, along the Montone river cycle path, we reach Castrocara again.

We suggest a stop at the Hermitage of Monte Paolo

The route has a challenging point: the last uphill kilometer before the Hermitage.
