In the Cellar  
between Oil and  
Lavander

Loop route starting from  
Castrocaro towards the hills  
overlooking the spa town. An  
immersion between history and  
nature through three important  
farms, producers of local  
excellence.

Leaving from the center of Castrocaro, we continue towards via Bagnolo. The path, immediately uphill, leads us to the farmhouse Il Casale, famous for the production of lavender essence and organic oil. After admiring the flowers, we continue towards the Società Agricola Marta Valpiani, known for the production of excellent wines, oil and flour. We continue to pedal downhill on the left and we find ourselves back in Castrocaro. We ride along the river park as far as Terra del Sole, we turn towards via Biondina and via Rio Cozzi. At the top we turn right towards the road of Converselle.

Once arrived at the panoramic point of the Tower of Monte Poggiolo we take the right and we immediately reach another farm, La Pennita, famous for its award-winning oil and wine production. We go down towards Terra del Sole.

We suggest a stop in the various estates in order to taste the excellence of the territory.
